

prolec®

The Most  
Reliable Strategic  
Partner for Electric  
Power Delivery

---

At **Prolec**, we are committed to becoming the most reliable strategic partner to our customers, providing innovative and comprehensive solutions for the generation, transmission and distribution of electric power.

## Generation

---

**Large Power Transformers:**

100 MVA to 1,200 MVA, up to 500kV

**Renewable Transformers:**

225 kVA to 15,000 kVA, up to 69 kV

# Transmission

---

**Medium Power Transformers:**  
5 MVA to 100 MVA, up to 500kV

Going  
beyond  
customer  
expectations

## Distribution

---

**Industrial Transformers:**

225 kVA to 15,000 kVA,  
up to 69 kV

**Residential Transformers:**

5 kVA to 1,000 kVA,  
up to 34.5 kV

**Commercial Transformers:**

5 kVA to 1,000 kVA,  
up to 34.5 kV

**Network Transformers:**

300 kVA to 2,500 kVA,  
up to 34.5 kV

**Voltage Regulators:**

38 kVA to 833 kVA,  
up to 34.5 kVA

# Components & Accessories

We provide an extensive offering of components for power and distribution transformers:

- Polymer Surge Arresters
- Wildlife Guards & Oil Drip Trays
- Cutout Insulators
- Ground Connectors & Spades
- High & Low Voltage Bushings for Pole-Type and Pad-Mounted Transformers
- Underground Connectors
- Load Tap Changer Contacts and Replacement Parts Kits
- Oil Circuit Breaker Replacement Parts Kits
- Transformer Health Products®
- Maintenance Tool Kits

VG-100® is an environmentally-friendly alternative to mineral oil. Developed by Prolec GE and patented for its application in all electrical transformers, it functions as an effective cooling and insulating medium in new and retrofill applications.

- High fire point (>300°C/572°F) reduces fire risk and costs for fire protection
- Fully biodegradable and 100% natural
- Increases life of transformer cellulose insulation
- FM and UL certified

Our service teams can be counted on to maintain the performance, quality, reliability and life of the transformers throughout your electric power system by providing complete transformer service solutions for almost any manufacturer's unit worldwide.

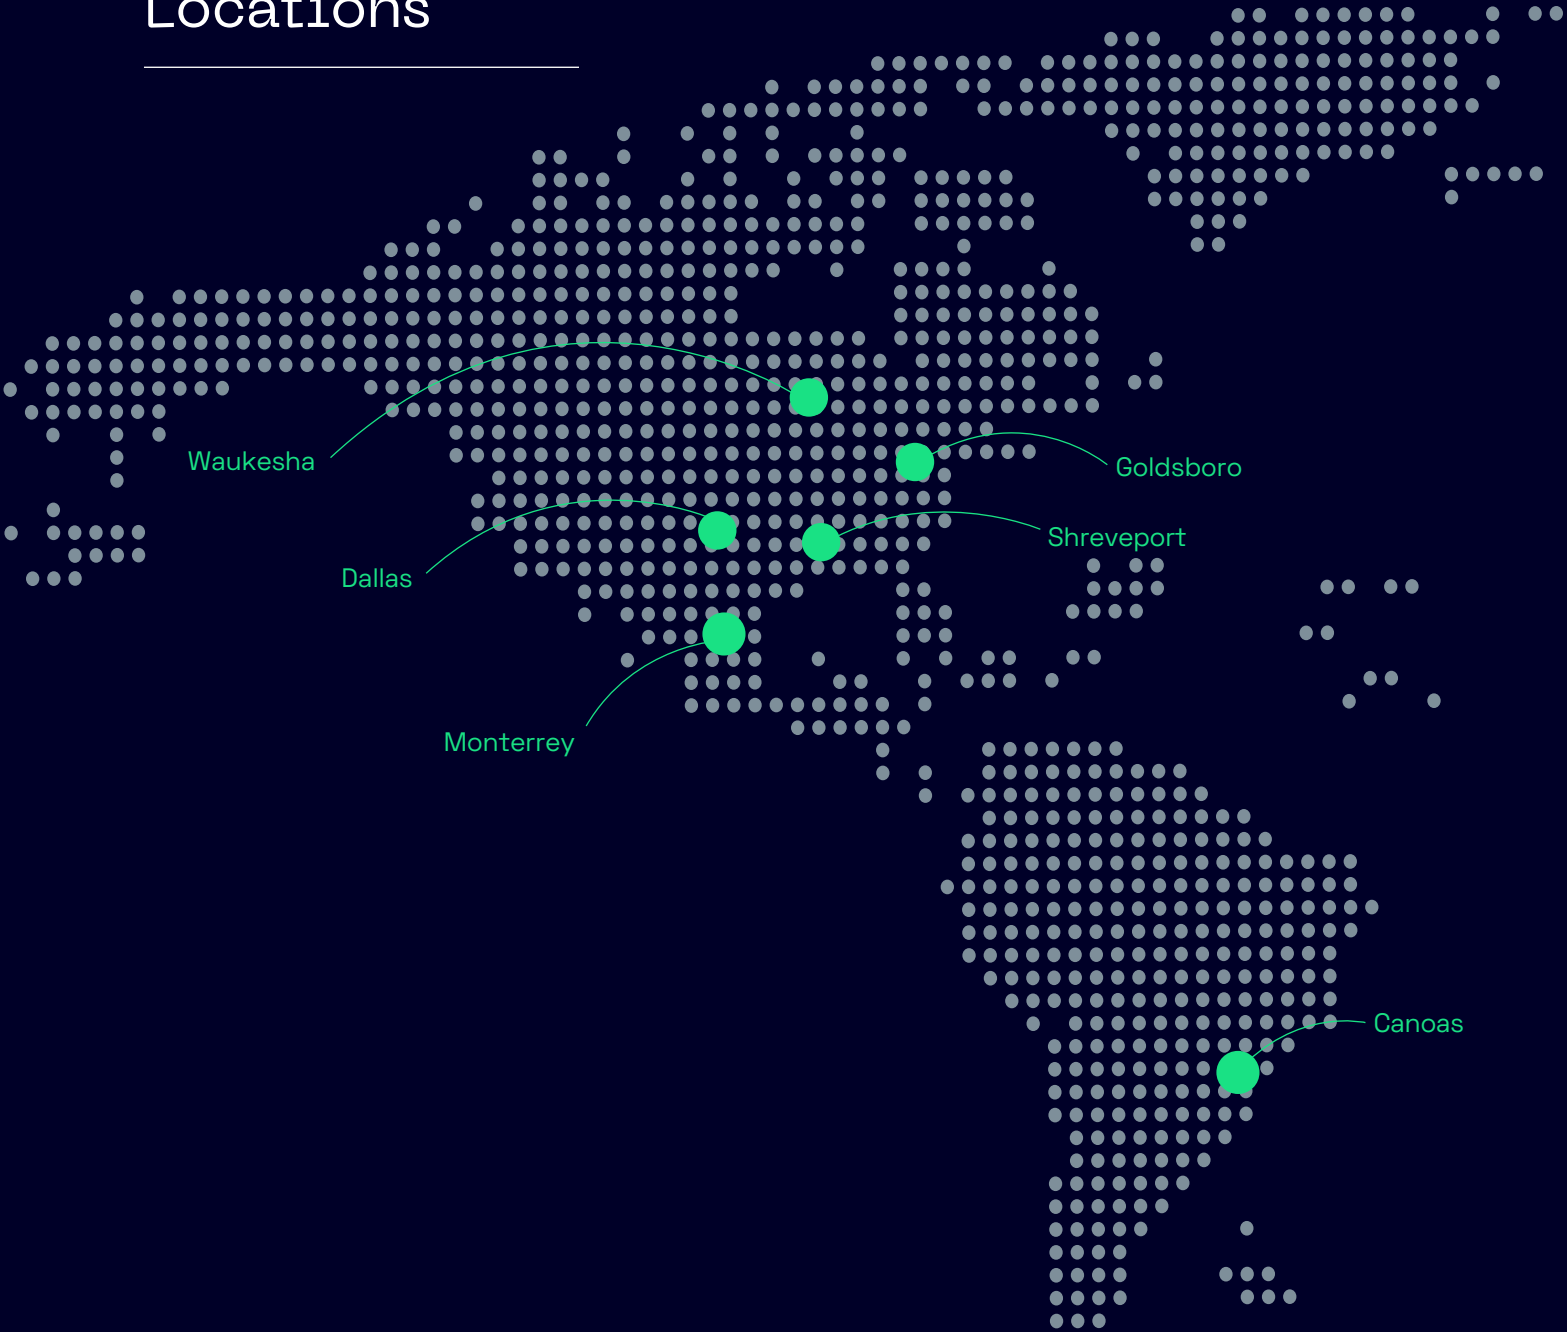

## Service

---

- Installation
- Maintenance
- Relocation
- Testing
- Condition Assessments
- Oil Processing
- Dryouts and Retrofills
- Corrective and Preventative Maintenance
- Load Tap Changer Field Retrofits and Repairs
